

## “Champions for a Cure”

**Not only Fighting & Surviving but Thriving!!**  
**WWW - We Will Win the Fight Against Cancer...**

**I hope you will join our “Team of Champions”**   
**this year for the Annual Relay for Life -**  
**June 20<sup>th</sup> starting at 6 pm Ryle High School**

As many of you know a year and half ago I was diagnosed with breast cancer. On October 5<sup>th</sup>, 2006, I realized, I was in the fight of my life. It can feel mighty lonely when you step into the ring to battle cancer. But suddenly I found myself surrounded by sisters on a journey and brothers in a club that I was fighting to escape. I am eternally grateful for the support and cheers of countless individuals who were there to give me that 110% attitude it takes to endure the battle. You gave me the courage to put on my pink boxing gloves, step into the ring with cancer, and decide this was a fight to “survive and thrive” and win.

Be assured that I continue to offer my prayers daily for all of your intentions.

Call for information and to get your packet please call  
Addia Wuchner 859.802.9590

**Join Wuchner’s Team of Champions**  for this year for the Relay for Life. Friends and participants can look forward to a fun evening to walk or (run if you are so incline) for a Cause “ until there is a Cure...” enjoy evening in the company of community spirit, good friends and of course good food. Your participation can be in memory of a mother, father, husband, child, grandparent,... loved one or dear friend.

If you are a cancer survivor, I invite you to join me this year and participate with our brothers and sisters as survivors make the first lap around. It was an emotional moment as I stood there with so many individuals that had fought the fight and continue to fight - wearing the purple T shirt with “Survivor” on the front. Of course, this is more than *been there, got the Tshirt to prove it*. HOPE, that four letter word, that stands in the face of cancer and reminds us that cancer is only a small part of who and what we are. I have been blessed and surrounded by the loving care of family and friends. You were there and gave me hope.

**I hope you will concenter how you, your family, friends and work colleagues can help support this year’s Annual Relay for Life – State Representative Wuchner’s -**  **Champions for a Cure. Thank you in advance. Addia**
